

**Luzerne Schuylkill Workforce Investment Agency-Youth Asset Mapping—April 2010.** A youth asset mapping was conducted for both counties by completing an inventory of programs in Science, Technology, Engineering, and Math (STEM), career preparedness programs, and literacy programs in school districts, nonprofit organizations, and institutions of higher education. A gap analysis was carried out to provide information on assets and overlap in programming for youth Pre-K-age 22. The analysis also identified successful programs throughout the US that could be replicated in northeastern Pennsylvania. An update was completed in *January 2012*.

**NEPA Workforce Development Assessment of Marcellus Shale —October 2009.** An assessment of workforce and economic development opportunities implications of Marcellus Shale in northeastern Pennsylvania.
